FINANCIAL REPORTS: given by Paul Quarneri

FiveStar says we have \$26,039.84 in our bank account and we have \$112,053.74 in our savings. Our Red Tag notices from last month were paid in full. We received an email from the county asking if we were able to establish a reserve account for our DWR loan. The email went on to say we could continue to ask for hardship assistance. We will respond that we are still in hardship and even though we have a savings account, it is meant for infrastructure repair.

11 Live Oak Lane: We heard from the customer that they don't intend to pay their water bill so we informed them that after seven months of non-payment we will have to disconnect their service and a new water and sewer connection fee will need to be paid in order to reconnect in the future. We will send them a copy of our resolution.

OLD BUSINESS:

Grants & Future Projects: Megan is no present to provide an update. Steve will connect with Brad Purcell about repairs he's able to make. Steve will get a new pump and prioritize the repairs list to begin using our loan money.
